

LUMENSOURCE

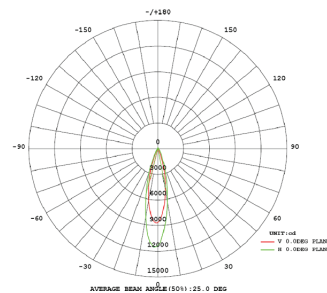

LOADING DOCK LED SERIES

The Loading Dock LED uses only 38W compared to traditional 300W or 500W halogen light source. Aluminum diecast housing is designed for maximum heat dissipation. The heavy duty double strut arm with screw-in fasteners can be mounted to illuminate trailers up to 53' for illumination during loading. Perfect also for rough service application such as machines for manufacturing and high storage rack warehouses providing high performance, energy saving, and long lasting light output.

SPECIFICATIONS

Wattage	38W
Voltage	120-277VAC
Average Lifetime	> 50,000 hrs
Colors	Warm White (3,000K) Cool White (5,000K)
Luminous Flux	1110 lm (W); 1280 lm (C)
Beam Angle	50 degrees
Dimensions	10" dia / 10" length (with bracket)
LED	18
